President's Message

Ladies, as we begin this our 2019 season, I am honored to be your president and will work hard to carry out the BWGA goals with a spirit of fairness and kindness, and an open mind to all. I am fortunate to have nine other wonderful people on the board to help me in this two year endeavor. That will make this task much more doable, and teamwork will be key. As the great golfer Arnold Palmer once said, "The road to success is always under construction." I ask for your support and patience as we proceed down this road together. Remember, we are all connected by two major commonalities... We love the game of golf, and we love our golf friends. Thursday mornings represent that special time when we put all else aside and lose ourselves in the sport that connects us.

We welcome all levels of abilities and encourage your ideas and help. We will abide and respect what our club has for its goals. You have seen these goals many times, but here they are once again: The object of the club is to promote fellowship and sportsmanship among our members and to encourage the active participation of our members in golf tournaments conducted in accordance with the local rules of the United States Golf Association except as modified by local rules of the course.

Let's make this a positive and fun experience for everyone...Grab your clubs, put on some sunscreen, fill up your water bottles, and let's play golf.

Robin

We Need Your Help To Stop Unnecessary Slow Play

There is nothing more aggravating than unnecessary slow play and it is a common courtesy to our fellow golfers to move at a decent pace. Here are some ideas that don't offend the rules of golf and will make playing more enjoyable for everyone:

1. Agree on the first tee that your group will play "Ready Golf". This eliminates constant apologies for playing out of turn. Ready golf is now being played at the most prestigious clubs in the country.
2. The first player to arrive at the tee (if you don't arrive simultaneously) should go ahead and hit. Par 3's could be an exception where some advantage might be gained by watching an opponent.
3. The first player to arrive at his or her ball should play their next shot even though he or she may be ahead of some other player. We frequently see a player wait several minutes because another player's ball may be just a few yards away. Don't apologize for hitting out of turn—just hit it.
4. The same theory should be followed on the putting green when nothing can be gained by watching the line of another's putt. There is no reason to wait on a 30 foot putt for someone else who is perhaps 33 feet away on another part of the green.
5. Somebody putt when the only person not on the green has skulled his or her ball 5-10 yards over the green. By waiting, you waste time and you put additional pressure on that player to rush to his or her ball and perhaps skull it again.
6. Unless you are in someone's line, try to putt out. It wastes a lot of time to mark, to replace your ball, line up your putt again, and then get mentally set to putt. You will putt better immediately after you have made a stroke and know the speed and line of your putt. We aren't playing for million dollar purses in our daily play.
7. After you have hit, don't waste time putting the head cover on and putting your club away—get into the cart immediately so your riding partner can go right to his or her ball. While your partner is getting ready to play, you can return your club to your bag.
8. Don't mark your scorecard when it delays play. Do it when you are waiting for someone to hit

Finally . . . just use some common sense. Playing "Ready Golf" is more enjoyable and will make it more fun for everyone. Examine your own habits and ask yourself, "*Am I really playing at a reasonable speed?*" Don't say things like, "What's your hurry?" or "We will just have to wait for the people ahead of us." You won't have to if they are playing "Ready Golf" too.
