Most Improved Golfer: Sue Roberts (Handicapper)

These are Sue's words in regards to handicaps this year.

"This year's overall scores were a great improvement from last year. The most improved player is usually the [player with the most] reduction in strokes from the beginning handicap. Also taken into consideration is the difficulty of the course as well as well as the rating. It's called the differential. The lower that number is, the better.

"After all the calculations, **Liz Coffin**, started with a 9.1 [handicap] and finished with 6.6. Because of the differential, she improved 2.5 strokes with a 22 differential. This reflects the difficulty of improvement of a single digit handicap. Yeah, Liz.

"This was Liz's year."

Liz Coffin: Most Improved Golfer

"Next we had Jean Young, who took off 4 strokes this season. Another remarkable feat! Most golfers will improve 2 or possibly 3 strokes, so 4 strokes was a whopping number! Way to go Jean!!!"

Finale Video:

Thank you, **Jean Bridges**, for compiling the pictures and music for our end of the year video. It was a big hit.

Adjournment was at 2:23 PM.
